

Your USDA loan document checklist

Gather these once and both loan types are covered. Tick each box as you add it to your file at usda.3fs.app.

Document	Notes
■ Photo ID for each adult	Driver's license or passport
■ Pay stubs, last 30 days	Every job in the household
■ W-2s, last 2 years	Or 1099s if self-employed
■ Tax returns, last 2 years	All pages, signed
■ Bank statements, last 2 months	All pages, every account
■ Other income	Child support, benefits, pensions, Social Security award letters
■ Rent history	Lease or landlord contact; 12 months on time helps
■ Credit check permission	The lender or USDA office provides the form
■ Purchase contract	Once you pick a home
■ Gift letter	Only if someone is helping with closing costs

Tips from people who have done this

- Scan or photograph every page, including blank ones that say "this page intentionally left blank." Lenders ask for them.
- Do not open new credit or move large sums between accounts while your file is open; it triggers questions.
- If you are self-employed, expect to add a year-to-date profit and loss statement.
- Keep your own copy of everything. On 3FS, "My file" fingerprints each document on your device and tracks what is still missing.
